Troy, so sad i didn't get to come and share this time with you and the family. Both Roy Royston & I were traveling at this time and both attending the same conference. My prayers are with all of you and i know it was a great home going. God Bless and Keep you.

Mrs. Bell was a wonderful teacher that inspired all of her students. She was a master teacher that provided us all with many tools for success. From the Class of 1963, we give thanks for her sturdy hand and guidance.

I took choir in 7th and 8th grades with Miz Bell, as we called her. She played a big role in developing my love for singing and for a wide variety of musical styles. Terrell's choir was a force to be reckoned with and was filled with so many talented students. I remember those days fondly and still consider those two years as highlights of my musical journey and my short time at Terrell before moving to California. My prayers go out to the family during this time. I will never forget Miz Bell. Carol Ross-Burnett (daughter of Verdia Ross & sister of Donna Ross Williams)

As an educator Mrs. Bell always encouraged her students to excel. She had a profound impact on my life. Under her leadership and guidance I was encouraged to attend college. Upon completion of my degree, Mrs. Bell mentored both me and my wife in the field of education. She will always be remembered in my thoughts.

She was the one teacher who pushed me to be the best I could be and never giving me a "pass". I did not understand it then, but I do now. I have some great memories of her. She will be missed.
