# Sharon A. Cobb

## Obituary

Mrs. Sharon A. Cobb was born July 17, 1944. On September 20, 1962 she married James L. Cobb and had three beautiful children (Trine', Sharon, and James Jr.).

She had a long career, thirty-three years, with Johnson & Johnson Inc. as a Quality Assurance Technician. Upon retirement Mrs. Cobb decided it was time to devote herself to work with children. She began her second career with the Denison Independent School District working with the special education department. After eight years of service with the Denison Independent School District she finally retired.

Throughout her life she was a dedicated mother that volunteered with the Boys & Girls Club as a head softball coach for what we all know now as "summer camps" developing the skills of the game and teaching tenacity. She always felt the best way to keep your children safe and away from trouble was to keep them actively involved in a sport. She also felt sports was a great way to teach social skills, integrity, responsibility, as well as building great character. Once her children graduated high school and moved from home, she continued her involvement with the youth of Denison Texas and never missed a Friday night football game.

Mrs. Cobb's life was full of joy living with the love of her life for over fifty-eight years, raising her children, enjoying traveling, casinos, and of course the highlight we all look for in life was her grandchildren, and great grandchild.

She is preceded by in death by her daughter Sharon Cobb, brothers, sisters, and mother.

She is survived by her husband James Cobb, Sr., daughter Trine' Brown (Ulysses), son James Cobb, Jr. (Ninetta), Sister's Belinda Alexander, Karen Simmons, grandchildren Courtney Leazer (David), Tristan Bond, Trinity Bond, Gabriel Bond, Mia Cobb, Garrett Bond, Even Cobb, great grandchild, Wynter Leazer, and a host of relatives and friends.

Sharon A. Cobb, age 77, of Denison, ascended to her eternal home early Saturday morning, May 7, 2022, at the Homestead of Denison, following an extended illness.
